

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

---

September 27, 2021

Dear King Members, Friends, and Family:

Data shows that COVID-19 vaccines help prevent severe disease, hospitalization, and death. It's important that everyone, even those who've had COVID-19 (reinfection is possible), get vaccinated to protect themselves and others, to help stop the spread of the virus.

Since we updated you on September 23rd, we have had two employees test positive for COVID-19. Currently we have seven cases of COVID-19 on campus (two members, five employees).

As a reminder, we are reminding visitors to check in before visiting campus so that you can ensure that you will not be disappointed when you arrive. Call or visit [www.WisVetsHomesCOVID.com](http://www.WisVetsHomesCOVID.com) before visiting.

Please continue to adhere to the guidance set by the Centers for Disease Control when it comes to face coverings, social distancing, and hand washing.

Sincerely,

Tammy Servatius, Commandant
